REPUBLICAN PLURALITY IN INDIANA MAY REACH 35,000.

Changes Will Be Small Either Way and the State Committee Is Hopeful for a Small Increase.

CONDITIONS IN THE SECOND

MIERS'S PLURALITY IS CUT TO VERY NARROW MARGIN.

Robinson's Lead in the Twelfth Is Much Reduced, and Probably Will Not Much Exceed 600.

ONSLAUGHTS ON DEMOCRACY

THREE REPUBLICANS ELECTED IN ROCK-RIBBED ALLEN COUNTY.

Monroe County Is Solidly Republican-Hemenway's Big Plurality-Other Election Returns.

Special dispatches to the Journal from all parts of the State, giving the latest reports and estimates on the vote cast in Tuesday's election, indicate that the Republican plurality in Indiana will be considerably in excess of 30,000, the earlier figures. This is made a strong probability by reason of the heavy gains made in the strongest Democratic counties.

On the face of it the congressional situation is unchanged, nine Republicans and four Democrats being returned, but trustworthy advices from the Second district show that Judge Miers's plurality is greatly reduced. Mr. Miers claims his reelection by 700, but the claim is made in the district, by Republican observers, that his plurality will be less than 300, and the Journal presents herewith a table compiled from its special dispatches, showing that it may be as low as 54, which puts it in a position where the official count is needed to establish the facts of the case.

Robinson is re-elected in the Twelfth by a plurality not greater than 616. The Republicans probably have secured three offices in Allen county, the Democratic "only green spot on carth."

Special dispatches to the Journal from all over the State set forth the latest retuens or where returns are slow, the latest conservative estimates. They amply sustain the party's claim to the greatest victory in the history of Indiana politics.

# CONGRESSIONAL CONTESTS.

### Estimates Made at the Republican State Headquarters.

At Republican state committee headquarters yesterday evening an estimate was made on the result of the congressional the State. It was estimated that in the First district Representative Hemenway's majority would be about 2,000, which is a decided increase over the vote received by him two years ago. It was estimated that Representative Miers, the Democratic candidate for reelection in the Second district, would not have more than 500 majority over John C. Chaney. "If Lawrence county does what it ought to Chaney will be elected," Secretary Whittaker remarked. Mr. Miers's usual majority has been in the neighborhood of

It was estimated that Zenor's majority in the Third district will not be more than 2.500. He has carried his district by a majority of 4,600. In the Fourth district Mr. Griffith, it was estimated, will have about 1.500 over Joshua Spencer, his Republican

Reports to the State committee from the Fifth district indicated the re-election of Representative Holliday by about 2,000. Two years ago he had 1,688. James E. Watson, Republican representative in the Sixth district, is re-elected by a majority of 3,000, the officers at headquarters estimated last night. He carried his district two years ago by 2.883.

The state committee expects that the

official count will show Representative

Overstreet elected by a big majority. Representative Cromer, it is claimed, will have a majority of 4,100. Two years ago he had a majority of 3,769. Secretary Whittaker yesterday evening estimated that Charles B. Landis, of the Ninth district, would have a majority of

2.500, which is a material increase over his vote two years ago. He was then elected by 1,514 majority. The committee's estimate on the Tenth district shows the re-election of Representative Crumpacker by about 6,000. There was a slight reduction in his vote, his majority reaching 6,400 two years ago. Frederick Landis, elected to Congress from the Eleventh district, will have 4,000

majority, it was estimated. Major Steele

was elected two years ago by 5,489, but at

that time Howard county was a part of the district. It is now in the Ninth district. Secretary Whittaker was of opinion that Representative Robinson, the Democratic candidate for re-election in the Twelfth district, would probably be successful with a majority of 1,000. Mr. Brick, in the Thicteenth district, it was estimated,

## would have 2,000 majority. VOTE IN THE STATE.

# DEADLY SHOOTING AFFRAY.

Three Men Killed as the Result of a Fight in a Texas Town.

ORANGE, Tex., Nov. 5.-Three men are dead as a result of a shooting affray here late to-day. The dead: Jeff Chenault, City Marshal Jordan and Tony Jones. Bad blood is said to have existed between Chenault and Will Harris, a well-known young man, for some time. To-day the two met, and, after a war of words, Harris secured a double-barreled shotgun and killed Chenault. Harris ran to escape the fire of Chenault's brother, but was apprehended by City Marshal Jordan. While the officer was conducting young Harris to jail he was shot and killed and his prisoner escaped. It is not known who killed Jordan, although there were a large number of people on the street at the time of the

Will Harris was later arrested and placed in jail. At this juncture his brother, James Harris, started for a near-by store, declaring he would procure a weapon and take part in the affair. It is claimed that Tony Jones handed Harris a gun, after which the former jumped into a buggy, and as he was driving away officers appeared on the scene and opened fire on Jones, inflicting wounds from which he died a few minutes later. Jordan was only recently appointed to

succeed Marshal Jett, who was killed in the discharge of his duty.

## VICTIMS OF HOODLUMS.

Several Policemen Seriously Hurt in Collision with Election Night Mob.

DETROIT, Nov. 5.-Patrolman George A. Schoof is suffering from concussion of the brain and several other police officers are less seriously injured as the result of a wild election night demonstration by an unruly mob of 2,000 boys and men that paraded the streets of Detroit during the evening. Property was ruthlessly sacrificed to bonfires and several wagons and buggies were confiscated, piled high with bicycle racks and every available bit of wood and wheeled through the down-town streets, all in flames. Efforts by the police to quell the disturbance led to attacks by the mob, and the officers were forced to draw their revolvers in selfdefense. No shots were fired, however.

### Americans Incensed Over the Killing of a Manila Bartender.

MANILA, Nov. 5 .- As the result of the killing of an American bartender named Armitage, who was shot yesterday by a native policeman who had quarreled with him, the Governor of the province has requested General Bell to furnish military protection against a party of unemployed Americans who are threatening vengeance. General Bell has ordered the garrison to preserve order. The Philippine commission has quietly purchased upwards of 20,000 tons of rice in India and on the Asiatic coasts in order to avert the rice famine which is threat-

the unofficial reports. According to returns made to the executive at Albany by the several county clerks the plurality for Odell is 12,887. Only three counties above the Bronx were carried by the Democratic nominee, the aggregate plurality for Coler in these counties being 1,011. This and the Greater New York plurality of 122,074 given to Coler was met and overcome by an up-State Republican plurality of 135,972, the difference being a net plurality of 12,887 against 111,126 plurality for Odell in 1900.

Returns of the vote for other state officers are so meager that it is impossible to say if the Democrats have been more successful as regards the minor offices than in the case of the Governor. In some quarters it is asserted that by reason of his indorsement by the Prohibitionists Gunneen, the Democratic nominee for attorney general, has made such gains over the head of the ticket that he has been elected. There are also claims that when the returns for judge of the Court of Appeals are all in it will be found that Judge Gray has defeated his Republican opponent.

The State Legislature is controlled by but one so large as to admit of no doubt of

The New York delegation in the lower house of the Fifty-eighth Congress will number thirty-seven instead of thirty-four, as in the present Congress. It will -contain twenty Republicans and seventeen Democrats, whereas the present delegation stood twenty-two Republicans and twelve Democrats. All of the more noted members of the delegation have been returned, included Senero F. Payne, chairman of the ways and means committee.

Notwithstanding returns to-day showed the election of Governor Odell by over 12,000 plurality, Bird S. Coler, his Democratic opponent, firmly refused to concede defeat, declaring that he wished to wait for the official count of the vote. Mr. Coler's statement, which indicated that he was not satisfied with the returns as received so far, contained the following: "Suppose the Democratic ticket had received, say in the neighborhood of 150,000 majority in Greater New York, there was nothing to have stopped the Republicans from claiming the upper section of the State by at least 200,000

This declaration by Mr. Coler was followed by a rather sensational announcement from Secretary Mason, of the state Democratic committee, that he refused to concede Odell's election; that fraud had robbed Coler of many votes up the State and that Senator Hill and Chairman Campbell, of the state committee, would come to New York this evening to decide on a plan of action. About the time these statements appeared a rumor was circulated that Coler intended to make a contest in the courts and simultaneously the Evening Journal issued an extra edition, declaring that former Senator Hill, Charles S. Murphy and Hugh McLaughiin claimed Coler's statements made by Mr. Coler and Secretary Mason, caused considerable excite-

ment in this city.

Mr. Coler said to a number of reporters: 'I think, personally, it would be a good thing to watch the official count up the State closely. Why don't they distribute McCullagh men up there as well as here in Greater New York. Suppose the Democratic ticket had run, say in the neighborhood of 150,000 majority in Greater New York, there was nothing to have stopped the Republicans from claiming the upper section of the State by at least 200,000. What the Democratic party needs up the State is tried and true material who will look carefully after the party's interests. I don't mean by anything I have said either last night or this morning that I, in any manner, concede the election of my opponent. I want to wait for the official count, for my latest advices are that the vote is very close. I am hopeful of receiving to-day news that will put a new complexion on affairs in this State." John A. Mason, speaking for the state committee, issued the following statement: 'We concede nothing. Odell's election is simply a claim. We will not admit his election until every defective ballot or alleged defective ballot has been scrutinized. and every vote that of right belongs to our party is counted. The alleged defective ballots uncounted for the Demo-

energy to elect Attorney General Davies a plurality of 3,447. is alone sufficient to change the result. We shall contest every foot of ground." Colonel Dunn, chairman of the Republican state committee, when informed of ..... the report that the Democrats threatened to contest the election, said: "If they start anything of the kind we will give them all the contest they want right here in probate judge has a plurality of 29,630. The New York county, and they will wish they 11,773 had never heard of contests." ALBANY, N. Y., Nov. 5.-Governor Odell telephoned the following from Newburg

concerning the statement of Secretary Mason, of the Democratic state committee: "Let them claim all they please. Let them cry fraud. I am elected and that is all there is about it. William Barnes, jr., chairman of the executive committee of the Republican state committee, said here: "Any statement that Albany was purchased by the Republicans is without foundation.'

Former Senator Hill refused positively to be quoted about the result of the election. The State Board of Canvassers, that compiles the returns, consists of the secretary of state, the controller, attorney general, state treasurer and state engineer, all Republicans, and to them belongs the right to reject or accept any returns objected to by individuals or parties.

the state election. He said: "We have to

### be satisfied. Odell's plurality is not nearly as large as I had expected." Senator Platt said that in his opinion the trust question and the coal strike had nothing to do with the result of the vote. "The Democrats got

together," he said, "and held together, and a few Republicans slipped over to them."

As Reported to Odell.

ALBANY, N. Y., Nov. 5 .- The official pluralities for Governor in the various counties of the State, as reported to Governor Odell by the county clerks, show a total plurality for Odell of 135,972 and a total plurality for Coler of 123,085, Odell's plurality over Coler being 12,887.

## COLORADO IS REPUBLICAN.

Senator Teller May Be Succeeded by Edward 0. Wolcott.

DENVER, Col., Nov. 5.-The Rocky Mountain News, United States Senator Patterson's morning newspaper, will concede the election of Peabody (Rep.) for Governor and H. M. Hogg (Rep.) for Congress in the Second district. Peabody's plurality over Stimson, the Democratic candidate, will amount to from 2,000 to 4,-000, while that of Hogg will probably be greater. The entire Democratic ticket is defeated with the possible exception of Mrs. Grenfell for superintendent of public instruction. She was indorsed by many women's organizations and ran far ahead of her ticket.

Both sides are claiming the election of congressman in the First district. Shafroth (Dem.) had the indorsement of the Populist convention and is probably elected, although it may require the official count to decide the matter. Adams (Dem.), for congressman at large, is thought to lead the state ticket and may be elected, but the chances seem to favor the election of Brooks (Rep.)

On the face of the returns the Democrats will have a majority in the Legislature, but there are charges of fraud in this (Arapahoe) and other counties and contests will be filed, which, if successful, may defeat NEW YORK, Nov. 5 .- Official figures on the re-election of Senator H. M. Teller. the vote for Governor vary but little from | The Times says: "The Republicans are preparing to contest the election of the Democratic legislative ticket in Arapahoe county. They say that the control of the lower house of the Legislature depends upon the result in this county. They will ask the secretary of state to refuse certificates to the Democrats, and if Mr. Mills, who is a Populist, refuses to enter into the scheme they are planning to organize a rump legislature. Edward O. Wolcott is already informed of the situation, and he will come to Denver to enter the senatorial race against Teller."

## OHIO IS OVER 90,000.

## Chairman Dick's Latest Estimate of Republican Plurality.

COLUMBUS, O., Nov. 5.-Chairman Dick, of the Republican state headquarters, late to-night had complete returns from eightysix out of the eighty-eight Ohio counties, showing a Republican plurality for state not so large as that of some others on the candidates of 90,807. The two counties not heard from are Putnam and Noble. The former gave a Democratic plurality of 1,451 and the latter a Republican plurality of 751 the Republicans by a reduced majority, last year. Deducting this difference of 700, he estimates the Republican plurality the return of Mr. Platt to the United States in Ohio at 90,107, but he expects both Putnam and Noble counties to show Republican gains and that the official vote will exceed these figures. Although seventeen counties have not returned their total vote,

it is estimated as close to 800,000. Chairman Garber, of the Democratic state committee, said: "The Democrats made gains in more than two-thirds of the counties in which Mayor Johnson, of Cleveland, pitched his tent. Complete returns wil show an average Republican plurality for state candidates, as compared with recent years. The Democrats are not discouraged. We will fight again on the same line. Chairman Garber expressed satisfaction with the result for congressmen, in which contest the Democrats elected the same number as two years ago, although he had expected a gain of three. In his closing statement he eulogized Mayor Johnson as the opponent of Senator Hanna.

The statement of Henry C. Garber, chair man of the Democratic state committee and congressman-elect, charging John R. Mc-Lean and his followers, headed by Lewis G. Bernard, of Cincinnati, with the Democratic defeat, has caused sensational agitation since Chairman Garber follows up his charges to-day by stating that Mayor Johnson and his friends had the organ ization of the Democratic party everywhere in the State except at Cincinnati, and that they would seek to secure the control of the Hamilton county committee this year. It has been recognized that Johnson was the opponent of McLean for the Democratic caucus nomination for senator and of Hanna for election as senator next year, and then for the Democratic national nomination the following year. The declarations of Garber to-day are accepted as meaning that the friends of Johnson will contend for supremacy in the organization at least until after the next Democratic national convention.

# Statement by Tom L. Johnson.

CLEVELAND, O., Nov. 5 .- Mayor Tom election. This report, together with the L. Johnson to-day gave the following signed statement relative to the election:

> "We are encouraged by the large Democratic gains in Cuyahoga county in spite of the fact that a large vote was polled and a greater interest aroused on the part of the Republicans. A majority of the county ticket was elected, and in the cases where we lost it was due wholly to personal preferences and involved no political principle But probably the most encouraging sign is the fact that where Mr. Bigelow made his campaign outside of Hamilton county satisfactory gains were almost universal. The time was too short to expose the viciousness of the municipal code and the Cincinnati to 1,297 for Kuhn. Ensley's plurality is franchise grab. The result in Hamilton county was due to dishonest election methods rather than to lack of interest. Cox and McLean controlled the election machinery. There was nothing to prevent either dishonest voting or counting. We have already begun next year's State campaign. This is but the first scrimmage. Truth loses some battles but no wars.

Oliver P. Ensley has been elected treasurer of Marion county by a clear majority of 112 over August M. Kuhn. Chairman Charles N. Elliott, of the Republican county committee, made this statement this morning at 1 o'clock:

"Every precinct in Marion county has been heard from and Ensley's majority is 112. These figures were reported first by the returns furnished by the inspectors, They have been reported also by the officially appointed watcher, and in every case verified by comparison with the certificate of at least one other election officers in the precinct.

"The figures were then gone over by the adding machine and there is no chance for any diminution of Mr. Ensley's majority. He is elected by at least 112. It is ticket, but it is a clear majority, an honest one, and Mr. Ensley will be the next treasurer of Marion county."
